Employment

- **College Work Study (2016-2020):** Worked as a student assistant for various departments throughout my college career. Duties included: data entry, filing, basketball scorekeeping, and game day football parking management.
- **Online Personal Trainer (2019-2021):** Created and managed fitness programs for over 20 clients. Provided nutritional guidance and conducted online consultations.
- **Audio Engineer / Producer (2021-2023):** Freelance audio engineer with experience in mixing and sound design. Worked with over 50 clients alongside a professional studio to create high quality compositions and instrumentals. Credited on over 100 songs for both mixing and production. Amassed over 8 million streams and 3,000 YouTube subscribers in a 10 month period. Attribute success to search algorithm optimizations and networking in niche foreign markets, notably the Arabic R&B scene.
